Understanding Your Dental Plan Options

The Auto Trust offers dental coverage through Blue Cross Blue Shield of Michigan (BCBSM) during the open enrollment period only. The dental plan provides a wide variety of covered services - either covered in full or partially by the plan. Members will continue to have the choice to enroll in dental and/or vision which requires an application to be completed. Considering the relatively small cost difference between the High and Low Pans, members may want to consider the High plan which includes substantially more coverage - 80% vs 50%, for Onlays, Crowns, Veneers, Inlays-permanent teeth, even though the need for them may not be anticipated at this time.

The table below provides an overview of the dental plan benefit. For specific details about the plan, please refer to the Benefits-at-a-Glance summary of benefits on the website at www.MyMedPlans.com.

Eligibility and Administration

Q1	Can I enroll in any of the plans in the Auto Trust; Copper, Bronze, Silver and Gold if I am Pre-65?	A	Yes. Any person that has worked at least 5 years in the Auto Industry has the ability to enroll in these plans.
Q2	I see that the medical program being offered says it is from BCBS Michigan. Does this plan provide coverage in all 50 states, or do you have to live in a certain state to qualify for this coverage being offered in the Auto Trust?	A	Yes, you are covered in all 50 states. In fact, all of the programs (medical, prescription drug, dental and vision) provide nationwide coverage in the U.S. and also provides international coverage for foreign travel. You could live in New York for six months out of the year and in Florida for the other six months out of the year if you wanted. For the medical plan, you will need to check the BCBSM provider directory to locate in-network doctors and find hospitals to receive the highest in-network benefits at www.bcbsm.com
Q3	What type of medical plans are being offered (HMO, POS, or PPO plans, etc)?	A	All four plans (Copper, Bronze, Silver & Gold) are Preferred Provider Options plans. These plans provide you with access to covered benefits through a network of healthcare providers and facilities. There is no requirement to have a referral from your primary care doctor before going to a specialist.
Q4	What happens to these plans now that the HCTC program has not been reauthorized?	A	The Blue Cross Blue Shield will continue to provide these plans to Pre-65 Auto Trust participants. The participant will be required to pay 100% of the benefit.
Q5	Can I choose to participate in the Auto Trust medical plan without participating in prescription drug plan?	A	No. The Auto Trust medical plans are bundled with medical and prescription drug together.
Q6	Will the VEBA run out of money? If it does, will this program go away?	A	No, traditionally VEBA programs are funded with small administrative fees that are included in the monthly insurance premiums for members.
Q7	How does the Auto Trust relate to my former employer?	A	The Auto Trust is an independent, tax-exempt VEBA Trust set up to be the plan sponsor and contract holder of the group medical policy for retirees who have worked in eligible Auto industry companies. Spouses/domestic partner, dependent, and surviving spouses of eligible retirees may also be eligible to participate.
Q8	I am currently enrolled in a dental plan and in the process of getting a dental implant. Will Blue Cross cover the remaining work required on that tooth, if I move to Blue Cross plan in 2025?	A	No, Blue Cross does not cover teeth or procedures like a dental implant once the tooth has been removed and you were not enrolled in their plans when the tooth was extracted.
